ANNUAL SERVICE AND BUDGET PLAN FOR FY 15/16

Geographical Area: Serving the Counties of Appanoose, Davis and Wapello counties. The South Central Behavioral Health Region (hereafter referred to as SCBHR) was formed under Iowa Code Chapter 28E to create a mental health and disability service region in compliance with Iowa Code 331.390.

In compliance with IAC 441-25 the SCBHR Management Plan comprised three parts: Annual Service and Budget Plan, Annual Report and Policies and Procedures Manual. The Annual Service and Budget Plan includes the services to be provided and the cost of those services, local access points, Targeted Case Management agencies, a plan for ensuring effective crisis prevention and a description of the scope of services, projection of need and cost to meet the need, and provider reimbursement provisions.

The Annual Service and Budget Plan has been approved by the SCBHR Governing Board and is subject to approval by the Director of Human Services. The SCBHR Management Plan is available in each local SCBHR MHDS office and on the Iowa Department of Human Services Website at <http://dhs.iowa.gov/mhds>.

ACCESS POINTS

SCBHR shall designate access points. An access point is a part of the service system or community that shall be trained to complete the MHDS funding applications for persons with a disability and forward them to the local SCBHR Office.

Current Crisis Services

In October of 2013 the Region began taking steps to provide a continuum of care for citizens with mental health issues in crisis that will:

- Identify the level of service necessary to alleviate patient symptoms.
- Provide a new level of care besides inpatient or outpatient counseling – A Stabilization Unit.
- Provide immediate treatment to prevent the progression of symptoms.
- Provide services at a local level through use of a continuum of care as much as possible.
- Educate the community on mental health issues.

- f) Develop a holistic system using current services that can provide a continuum of care that can be emulated by other rural settings.
- g) Provide pre and post statistical information that will measure the cost effectiveness of this approach to services.

Starting Feb 1st, Wapello County Community Services was asked by the Clerk of Court and Magistrate Judges to process and notarizing all Court Committals, this allows for SCBHR Community Services office to become the point of access for all filings and decreasing the amount of time spent in applicants waiting at the courthouse for consult. At current we have had 10 file 1 denied and 7 choose to access outside resources.

SCBHR provides Emergency Pre-Screening of mentally ill individuals in all three counties. The SCBHR developed, in collaboration with Mercy Medical Center – Centerville, Iowa and Davis County Hospital, Bloomfield, Iowa, contracts that enabled local licensed mental health treatment providers to complete an assessment to help the ER personnel assess and diagnose mentally ill patients for appropriateness for inpatient treatment. If the evaluation process identifies a lower level of treatment the On Call therapist makes appropriate contacts/referrals to services locally that are immediately available to patients. From 7/1/2014 to 3/26/2015 a total of 50 patients were pre-screened of those 50, 42 were E.R referrals, 4 Law Enforcement referrals, 3 Office Setting referrals and 1 doctor's office referral. Of those referrals only 12 were identified as needing inpatient level of care. Wapello County along with Ottumwa Regional Health Center met on January 19th to discuss Emergency Pre-Screening on call at the Ottumwa Regional Health Center, on March 6th, 2015 a meeting was held with the Wapello County Magistrate Judges to discuss the protocol for this process. All parties involved have agreed to another meeting scheduled for April 7th, 2015.

April 1, 2014 Oak Place five bed 24/7 stabilization home opened. This home has served as a diversion service to mental health inpatient hospitalization. This level of service gives mental health patients who are in crisis because of psych-social issues a short term bed in the community. The program offers therapy daily by a licensed mental health therapist in addition to a safe place to stay, medication management, connections to county relief funds for tangible help with rent, utilities, transportation, food and other needs as identified. Starting April 1st, 2015 SCBHR will contract with Southern Iowa Mental Health Center to provide two hours of tele psychiatric services every Monday, to admitted patients at the Stabilization House. Due to the shortage of providers in the Appanoose Co. area, SCBHR has partnered with Southern Iowa Mental Health Center to fill the gap of immediate access to psychiatric services.

Scope of Services and Budget for FY 16

SCBHR is in the development stage of standardization and regionalization. The FY 16 budget was developed at the local level with input and collaboration with stakeholders to assess need. As the funder of non-Medicaid services, SCBHR is the funder of last resort. SCBHR recognizes the importance of individualized planning for services and supports to empower all individuals to reach their fullest potential.

SCBHR shall be responsible for funding only those services and supports that are authorized in accordance with the process described in the MH/DS Plan, within the constraints of budgeted dollars. SCBHR shall be the funder of last resort and regional funds shall not replace other funding that is available. An individual who is eligible for other privately or publicly funded services and support must apply for and accept such funding and support and comply with requirements to remain eligible for such funding and support. Access standards in IAC 441-25.3(331) have been considered in the formation of the budget and the projection of need is based on those standards. It is felt that access standards will be met based on the number of providers, their locations, historical data, and input from stakeholders.

Provider Reimbursement Provisions

Each service provider shall provide monthly billing invoices within 60 days of service provision, and other information requested of the provider for utilization review. The monthly billings shall include the following information:

- Name and unique identifier of each individual served during the reporting period.
- Dates of service.
- Number of units of service delivered to each individual served.
- When requested, attendance records.
- Unit rate and total cost of the units provided to each individual. Copayments or other charges billed to other sources shown as deductions on the billing.
- Actual amount to be charged to the Region for each individual for the period.

SCBHR staff shall review the billings and additional utilization information in comparison with service funding authorizations in place. Non-emergency services delivered without service funding authorization shall be deducted from the billing.

All eligible bills shall be paid within 60 days of receipt of required documentation unless unforeseen circumstances exist.

No billings received more than 60 days after the close of the fiscal year in which the service was provided shall be considered for payment by SCBHR unless there is a statutory obligation. Fiscal year for SCBHR is July 1 – June 30.

It is the intent of SCBHR that only SCBHR staff shall authorize services for residents of the SCBHR region. Due to that, it is the policy of SCBHR that if another county, region, or the State, determines residency in error or approves services for persons who do not have residency in their region, SCBHR may not assume retroactive payment. When written notification is received by SCBHR of the error, SCBHR staff shall authorize services according to the policies and procedures set forth in this manual.

SCBHR will contract with MH/DS providers whose base of operation is in the region. SCBHR may also honor contracts that other regions have with their local providers or may choose to contract with providers outside of the Region. A contract may not be required with providers that provide one-time or as needed services.

SCBHR uses a mix of fee-for-service, and capitated case rates for most of its services. It provides block grants only for specific population based activities where billing by individual served is impossible or impracticable.

SCBHR intends to with the help of Department of Human Services to incorporated all sources of funding including medical assistance program funding, Integrated Health Home, etc so a person can be receive a whole person approach

SCBHR service contracts require that all providers meet all applicable licensure, accreditation or certification standards; however SCBHR makes serious efforts to stimulate access to more natural supports in its service provider network. Successful attainment of positive outcomes, consumer and family satisfaction, and cost effectiveness measures are the most important factors in continued network participation. SCBHR has identified access points within the provider network to assist individuals or their representatives to apply for services.

SCBHR has identified the following providers currently contracting with the region. Additional providers may be added throughout the year as services are developed to meet the continuum of service needs of individuals. Nontraditional providers maybe used.
